RE: UNKNOWN SUBJECT; aka
Andy Jackson, ETAL;
SENATOR GALE W. MC GEE,
ETAL - VICTIMS

The Seattle Office of the FBI has received through the mails; a portion of an edition of the Seattle Post - Intelligencer dated February 2, 1966. On the first page of this Second Section of the P-I, there has been affixed the photograph of President JOHNSON, possibly taken from a newspaper, on which is written in green ink the words murderer; gangster; rat; kill this rat; kills innocent people in Viet Nam; the lowest down in the world.

There is also written and handprinted on this same page in brown-colored pencil, the following -- this murderer must be killed; this murderer is very dangerous (repeated once); please read this (repeated three times); kills innocent people in Viet Nam (repeated twice).

Also affixed to this same page by glue or paste, is a two-column editorial from some unidentified publication which editorial bears the title, "A cover-up for the unconstitutional waging of war".

Examination of this P-I newspaper is being conducted by the Federal Bureau of Investigation Laboratory and the results of this examination are not known at this time.

Investigation conducted by the Seattle Office of the FBI has disclosed that this particular newspaper was left in the lobby of an apartment house at 420 Blanchard Street in Seattle, during the evening hours of February 4, 1966, and it is noted that similar-type communications have been left at other addresses in the near vicinity in the past, which information is already known to the Secret Service.

This document contains neither
recommendations nor conclusions
of the FBI. It is the property
of the FBI and is loaned to your
agency; it and its contents are
not to be distributed outside

RE: Bureau letter to Seattle, 1/28/66.

Enclosed herewith are the following specimens:

Portion of Seattle Post-Intelligencer newspaper dated February 2, 1966.

One copy of the "Moscow News" dated January 15, 1966.

One envelope addressed to the Veterans Administration, Syracuse, New York, bearing return address of H. GILLIS, 212 Alaskan Way South, Seattle, Washington, addressed in GILLIS' known handwriting.

Twelve Xerox copies of letters and various Veterans Administration documents bearing the known handwriting of HAROLD M. GILLIS.

The enclosed P-I newspaper dated February 2, 1966, was left in the lobby of an apartment house at 420 Blanchard Street in Seattle during the evening hours of February 4, 1966. It was received in the mail at the Seattle Office on February 9, 1966.

It is noted that Unknown Subject has deviated from past procedures in that a different colored pencil and pen has been used in the writing on this newspaper and Unsub has glued or pasted a photograph of President JOHNSON and a two-column editorial to one page of the paper, but has used the same type of verbiage as previously, including describing President JOHNSON as a murderer and gangster.

Investigation on February 10, 1966 at 420 Blanchard disclosed the existence of the enclosed "Moscow News" which was found by the management in the vestibule of this apartment building during the evening hours on or about February 6, 1966.

This "Moscow News" bears handprinting and writing in a brown-colored pencil which appears similar to the brown-colored writing used on the P-I newspaper and may be a non-reproducing Multilith pencil. Harold M. Gillis

The writing on this "Moscow News" advises, among other items, that this paper can be bought at 710 Steward Street which address is the site of "Co-op Books", a Communist Party literature outlet at Seattle. Harold M. Gillis

A photograph of HAROLD MALCOM GILLIS, FBI #5072512, a SI subject of Seattle file 100-18814, Bureau file 100-432645, M.R. has been shown to the landlady at 420 Blanchard who believes she has seen this person walking aimlessly around the neighborhood. GILLIS is known to reside approximately two blocks from the Co-op Book Store and is further known to have resided at times in the Skid Road area in Seattle near 77 South Washington Street, the return address used on some of the threatening letters mailed in this case.

212 Alaskan Way South, Seattle, Wash
GILLIS, who was in a Veterans Administration mental institution from 1948 through most of 1954, is known to be a person who walks extensively in downtown Seattle and the near north side. He draws a VA disability pension.

The enclosed original envelope and the 12 Xerox copies of GILLIS' known handwriting were obtained from the VA Regional Office in Seattle on February 10, 1966. If it becomes necessary to do so in the future, the originals of these Xerox copies can be obtained.

It is requested that the following examinations be conducted by the FBI Laboratory and the Single Fingerprint Section of the Identification Division:

The latent fingerprints previously developed this case should be compared with the fingerprints of HAROLD MALCOM GILLIS, FBI #5072512.

SE 9-1023

The two enclosed newspapers should be examined for latents and if any are developed, same should be compared with GILLIS'.

If possible, the type of brown pencil used on enclosed questioned specimens should be identified, as well as identifying the type of ink or pen used to affix the green ink.

The photograph of President JOHNSON and the editorial pasted or glued to the enclosed P-I should be examined and removed as some information may be written under these two items. Further, the glue and/or paste should be analyzed to determine anything possible therefrom.

The handwriting and handprinting on the two enclosed newspapers should be compared with the handprinting and handwriting on questioned specimens in this case which have previously been submitted.

The enclosed known handwriting of GILLIS should be compared to all questioned handwriting in this case as well as comparing same with the threatening letter in the case entitled, "UNSUB; aka [REDACTED] - VICTIM, EXTORTION; OBSTRUCTION OF JUSTICE" which was an anonymous threatening letter postmarked October 6, 1955 at Seattle, Washington. b6
b7C

Conduct any other examination of enclosed material which might be helpful in the identification of Unsub.

The Seattle Division is attempting to identify the source of the two-column editorial which is affixed to the Seattle P-I, which editorial may be from another edition of the "Moscow News".

All enclosures should be returned to Seattle after completion of the requested examination, it being noted the Secret Service at Seattle is being furnished a copy of pertinent portions of the Seattle P-I dated February 2, 1966, which is enclosed, which newspaper contains therein writing threatening the life of the President.

On 2/4/66 another "Seattle P-I" newspaper found in lobby of an apartment building on Blanchard Street in near north side Seattle. This newspaper has a photograph of President JOHNSON pasted therein, which photograph is taken from some other publication, and written thereon in green ink are threats against President JOHNSON's life. Also affixed to the same page of this newspaper is a two column editorial entitled, "A Cover-Up For The Unconstitutional Waging Of Way." This editorial is from some as yet undetermined publication but may be from a newspaper called "Moscow News." In addition there is further handwriting and handprinting on this same page of the "Seattle P-I" printed with brown pencil.

Remarks: For your investigative assistance, it is pointed out that a number of significant handwriting differences were noted in the questioned material in the Goldwater case, Bufile 9-42073, when compared with material in the [redacted] case, Bufile 9-40135. The questioned hand printing in the instant case is not sufficiently comparable with the questioned hand printing in the Goldwater case for examination purposes. Nothing of particular significance was noted in the questioned hand printing on specimens in these two cases, from such comparisons as could be made.

Result of examination:

It was concluded that the questioned handwriting on Qc47 through Qc49 was prepared by the writers of the previously submitted questioned handwriting appearing on questioned specimens in this case.

Due to unexplained variations and because of indistinctness in some of the handwriting on Kc19, a definite conclusion could not be reached whether [redacted] K18 and Kc19, prepared the questioned handwriting on the specimens in this case. A number of significant handwriting differences were noted indicating that [redacted] probably did not prepare the questioned handwriting on specimens in this case, including Qc47 through Qc49.

Because of insufficient comparable known hand printing, a definite conclusion could not be reached whether [redacted] K18 and Kc19, prepared the questioned hand printing on specimens received in this case. A number of significant hand printing differences were noted in the questioned hand printing appearing on specimens in this case when compared with the known hand printing of [redacted]

According to [] this USA said he categorically would not authorize prosecution in this case or any case in which the only evidence is an identification of an unsub through document examination.

RE: UNKNOWN SUBJECT, Aka

ETAL - VICTIMS

Investigation by the FBI at Seattle has determined that the proprietors of a small locksmith shop located at 211 Lenora Street in Seattle found a clipping from a newspaper on the door knob of their shop at the time the shop was opened for business on Monday morning, February 21, 1966. This clipping is from an unidentified and undated newspaper and shows a picture of Vice-President HUBERT H. HUMPHREY and others at the time the Vice-President arrived at Canberra, Australia.

Written on this clipping are the phrases, "This rotten murderer and gangster HUMPHREY," "old Rat," and "rotten dirty Rat HUMPHREY."

Examination of this clipping is being conducted by the FBI Laboratory and the results of this examination are not known at this time.

It is noted that similar-type communications have been left at other addresses in the same general neighborhood as 211 Lenora Street, which information is already known to the Secret Service.

The U. S. Secret Service at Seattle, Washington, has been advised of this particular incident and a copy of the particular clipping has been made available to that office.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Investigation by the FBI at Seattle on February 25, 1966, disclosed that a copy of page six of a publication entitled "The Dispatcher" which publication is dated January 7, 1966, had been left in the lobby of an old apartment building at 2215 4th Avenue, in Seattle at an undetermined date, possibly two to three weeks prior to February 25, 1966.

The entire reverse side of page six has been covered with handwriting containing threats on the life of President JOHNSON and other persons identified therein as "RUSK, McNAMARA, HENRY JACKSON, HUMPHREY, HENRY C. LODGE and many more".

Investigation by the FBI at Seattle on February 28, 1966, disclosed that one copy of the "People's World", dated February 12, 1966, had been left on the sidewalk in front of the apartment building at 420 Blanchard Street in Seattle on the evening of February 27, 1966, and this publication also bears writing thereon of a threatening nature concerning President JOHNSON and others.

Examination of these two publications is being conducted by the FBI Laboratory and the results of this examination are not known at this time.

Similar-type communications have been left at other addresses in the same general neighborhood in the past, which information is already known to the Secret Service.

Result of examination:

It was concluded that the questioned handwriting on Qc47 through Qc49 was prepared by the writers of the previously submitted questioned handwriting appearing on questioned specimens in this case.

Due to unexplained variations and because of indistinctness in some of the handwriting on Kc19, a definite conclusion could not be reached whether [redacted] [redacted] K18 and Kc19, prepared the questioned handwriting on the specimens in this case. A number of significant handwriting differences were noted indicating that [redacted] probably did not prepare the questioned handwriting on specimens in this case, including Qc47 through Qc49.

b6
b7c

Because of insufficient comparable known hand printing, a definite conclusion could not be reached whether [redacted] K18, and Kc19, prepared the questioned hand printing on specimens received in this case. A number of significant hand printing differences were noted in the questioned hand printing appearing on specimens in this case when compared with the known hand printing of [redacted]

Qc47 through Qc49 and Kc19 are retained.

SE 9-1023

Under date of February 8, 1966, information was received from the Fingerprint Division, that the fingerprints of [redacted] FBI # [redacted] are not identical with the latents which had been developed in this case up to that time. This report pointed out that palm prints of [redacted] are not available for comparison with latent palm prints.

FEDERAL BUREAU OF INVESTIGATION

1

Date 2/25/66

[redacted] [redacted] Windham Apartments, 420 Blanchard, advised that on February 4, 1966, at approximately 8:30 or 9 p.m., she was in the lobby of the Windham Apartment building, which lobby was deserted, at which time she noticed a portion of the "Post Intelligencer" newspaper on the table in the lobby.

[redacted] said that she noticed that this newspaper had writing and hand printing on it, and further, there were derogatory remarks written on a picture of President JOHNSON, which picture seemed to be glued to the "Post Intelligencer" paper.

[redacted] said that she and [redacted] thought something should be done about this as the writing was a definite threat against the life of the President of the United States, so thereafter she turned this portion of the "Post Intelligencer" over to the custody of [redacted] a resident of this apartment building who, at one time, was employed by the FBI.

b6
b7C

The original of the "Post Intelligencer" newspaper dated February 2, 1966, which had been received at the FBI Office from [redacted] was then shown to [redacted] at which time she advised that this is the same paper which she had picked up in the lobby of the Windham Apartments on February 4, 1966, and described supra.

[redacted] said she has no idea as to who might have left this particular newspaper on the premises of this apartment building.

[redacted] said that during the evening hours on or about February 6, 1966, she had found another newspaper in the vestibule of this same apartment building and as she recalled, this second newspaper had writing thereon indicating that the Russians are great people and that the newspaper could be purchased somewhere on Stewart Street in Seattle, Washington.

On 2/10/66 at Seattle, Washington File # SE 9-1023

by SA [redacted] (A) Yal Date dictated 2/16/66

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

2
SE 9-1023

[redacted] said that somehow or other this second newspaper had become mixed up with other newspapers which had been picked up and was probably in the storage room of that apartment building where it might be tied up into bundles.

[redacted] and Special Agent [redacted] searched some of the bundles in the storage room at this apartment building and located a January 15, 1966 edition of the "Moscow News" on which there is set forth writing and hand printing that "the Russians are great, nice people", and "get this paper at 710 Stewart Street, Seattle, Washington".

b6
b7C

[redacted] identified this newspaper dated January 15, 1966, as the one which she had found on the evening of February 6, 1966, or thereabouts.

Again, [redacted] said that she has no idea who might have left this newspaper in the vestibule of this apartment building.

FEDERAL BUREAU OF INVESTIGATION

1

Date 3/1/66

[redacted] residence address 420 Blanchard Street, advised that she was the person who had mailed a portion of the Seattle Post Intelligencer dated February 2, 1966, to the Seattle Office of the FBI in an envelope bearing a return address of the Seattle Post Intelligencer.

[redacted] advised that this portion of the Seattle Post Intelligencer which she had mailed to the Seattle Office of the FBI had been obtained by her from [redacted] and she identified this portion of the Post Intelligencer newspaper that was shown to her by the interviewing agent as the paper which she had so forwarded. She said she was able to recognize it from the handwriting and handprinting which had been placed on this portion of the newspaper by some unknown person, which handwriting and handprinting contained threats against the President of the United States.

Attorney [redacted] at [redacted] home telephone number at which time developments in this case to that time were made known to [redacted]. Based on the information given him, and from his past knowledge of this case, [redacted] authorized placing HENRY W. On March 2, 1966, a complaint was drawn up and signed before United States Commissioner WALTER J. RESEBURG, JR., which charges ENGEL in count one with violation of Title 18, U. S. Code, Section 376 and 2 for his activities in mailing a letter dated July 7, 1965, to BERNIE S. JACOBSEN, the Seattle Post Intelligencer, Seattle, Washington, in which letter there were threats to injure the person of BERNIE S. JACOBSEN as well as a threat to kill JACOBSEN.

Count two of the same complaint charges ENGEL with violation of Title 18, U. S. Code, Section 371 and 2 for his activities in mailing a letter to President JOHNSON at Johnson City, Texas, on or about November 27, 1964, in which there are threats to inflict bodily harm upon the president and to take the president's life.

This complaint was signed by SA [redacted] of the FBI and [redacted] Special Agent in Charge, United States Secret Service at Seattle, Washington.

On March 2, 1966, ENGEL appeared before U. S. Commissioner RESEBURG, and a preliminary hearing was set for March 9, 1966; ENGEL was advised that an attorney would be appointed for him; and he was remanded to jail upon his failure to make a \$5,000 bond which was affixed by the U. S. Commissioner.

FEDERAL BUREAU OF INVESTIGATION

Date 3/4/661

Based on a consent to search authorization given by HENRY H. ENGEL in writing, a search was made of room 43 of the Alaskan Hotel, 2005 $\frac{1}{2}$ Second Avenue.

This search disclosed the existence of a February 18, 1966 copy of "The Dispatcher" in this room on which is written in green ink, "This magazine is telling the truth about the war in Viet Nam", and there is further written in green ink, "U. S. gangsters and murderers killing innocent people in Viet Nam".

This search also revealed the existence of the December, 1965, edition of the magazine "Field and Stream" on the front page of which is written, "Page 114 pistols guns", and there is written again on the same page, "Page 114 guns-pistols-".

Page 114 of this magazine reflects an advertisement for the sale of surplus Army carbines at \$17.50; pistols at \$12.50; rifles at \$10; a catalog at \$.25, and the fact that these items can be purchased at Armsco, Box 44-F, Santa Cruz, California. This particular advertisement is bracketed in blue ink.

Also on the bottom of page 114 of this magazine, there is written in the same type of blue ink, "Armsco. - Box 44F pistols \$12.50 Santa Cruz, California".

There was also located in room 43 one ball point pen which writes with brown ink, which appears similar to brown ink used on various newspaper clippings and articles found at many different addresses in Seattle.

The above three described articles were taken by SA and SA MC NULTY.

There was also observed in this same room a scissors and a razor blade set on a table which was covered by papers. There was also observed in a small cabinet near this table one small plastic container of Elmer's glue.

On February 18, 1966, [redacted] employed in the beauty salon at 314 Virginia Street, advised that approximately six months ago, a clipping from the Seattle Post-Intelligencer had been left on the premises of this address which was found when the place was opened for business in the morning, and it was her recollection that there was writing on this paper which was defamatory towards the President of the United States.

[redacted] stated that the local police department had been called and this clipping had been turned over to some member of the local police department.

On February 18, 1966, [redacted] of the Habit Cleaners, 312 Virginia Street, advised that three or four months previously he had opened the doors to this establishment in the morning and had found a clipping from a local newspaper affixed to the doorknob. He said that this clipping had writing thereon which was extremely defamatory towards President JOHNSON and others, but he thought it was the work of a crank and had torn up this clipping.

[redacted] said he has no idea as to who might have left this clipping at this address.

On February 17, 1966, [redacted] of Rosen Office Machines, 2221 - 5th Avenue, advised that a short time prior to Christmas in 1965, a copy of the Post-Intelligencer newspaper had been found on the premises of this business when this place was opened for business in the morning and it had obviously been forced through the mail slot of the door.

[redacted] recalled that there was a great deal of writing on this newspaper in which the words of "gangster", "warmonger", "rat killer", were used and much of the remarks were meant for Senator HENRY JACKSON.

[redacted] recalled that there were arrows drawn all over this edition of the Post - Intelligencer and that there were pictures glued to this edition which were taken from other pages.

[redacted] said after keeping this newspaper for some time, someone in his office had destroyed it and it was no longer available.

On February 28, 1966, [redacted] employed with Empire Distributors, 2213 - 4th Avenue, advised that shortly before Christmas, 1965, when this establishment was opened for work in the morning, it was discovered that a clipping from a local newspaper had been stuck through the mail slot of the door.

[redacted] recalled there was much writing on this particular newspaper, most of which writing concerned the war in Viet Nam.

[redacted] said that there has been no repeat of this incident and she has no idea as to who might have left this clipping at this business establishment.

The following named persons were contacted on the dates indicated to determine whether or not any literature of any type, which might have been written by the then unknown subject, had been left on the premises of the addresses where they reside or work. As of the dates of contact, none of these persons had noticed, nor had they any information, regarding such literature or documents but each advised they would henceforth be on alert and would advise the FBI if anything of this nature came to their attention.

REC'D-READING ROOM
MAR 9 3 57 PM '66

Dear Mr. Watson:

I thought you would be interested in knowing that Special Agents of this Bureau have arrested a 78-year-old Seattle, Washington, resident in connection with a series of letters in which President Johnson and various public officials were referred to as murderers because of the policy of the United States in Vietnam. A communication received by our Seattle Office on February 2, 1966, enclosed a photograph of President Johnson with various handwritten notations, including "kill this rat" and "kills innocent people in Vietnam."

Based upon investigation conducted by Special Agents of this Bureau, a complaint was filed at Seattle on March 2, 1966, charging Henry Herman Engel with violation of the Federal Extortion Statute. Following his appearance before a United States Commissioner, Engel was remanded to the King County Jail in lieu of bond to wait further prosecutive action. Engel has a lengthy arrest record dating back to 1927.

Sincerely yours,

Honorable Gale W. McGee
United States Senate
Washington, D. C. 20510

My dear Senator:

Since February, 1964, you, as well as a number of other prominent officials, have received scurrilous and threatening communications which are extremely critical of the policy of the United States in Vietnam and often refer to the recipients as murderers who should be killed.

I am pleased to advise that in connection with this case our Special Agents have arrested Henry Herman Engel, a 72-year-old resident of Seattle, Washington, who has a lengthy arrest record dating back to 1927. A complaint was filed charging Engel with violation of the Federal Extortion Statute and after appearing before the U. S. Commissioner in Seattle on March 2, 1966, he was remanded to the King County Jail in lieu of bond to await further prosecutive action.

Your interest in bringing this matter to our attention is appreciated.

Sincerely yours,

This is to recommend that the White House and various Government officials who have been the recipients of scurrilous and threatening letters concerning them and President Johnson be advised by attached letters that Henry Herman Engel has been arrested by Bureau Agents and charged with violation of the Federal Extortion Statute.

BACKGROUND:

This case has been under investigation since the beginning of a series of threatening letters in February, 1964, directed to prominent Government officials. The letters generally referred to these recipients, as well as President Johnson, as warmongers and murderers because U.S. troops had been sent to Vietnam.

One communication directed to our Seattle Office on 2-2-66, enclosed a photograph of President Johnson with the words "kill this rat," along with other handwritten notations such as "murderer" and "kills innocent people in Vietnam."

Examination of the letters in the FBI Laboratory confirmed that they were written by the same individual. The case has received vigorous investigative and supervisory attention, and the Seattle Office was required to submit communications on a regular basis to the Bureau giving a summary of investigation conducted and contemplated.

In recent weeks newspaper clippings containing handwriting identified as that of the unknown subject were found in the lobby of a Seattle apartment house. A surveillance by Bureau Agents was instituted and on

Memorandum to Mr. DeLoach
RE: HENRY HERMAN ENGEL, AKA;

3-1-66, Henry Herman Engel, a 78-year-old man, with an arrest record, primarily on charges of larceny and burglary, dating back to 1927, was observed depositing a document in the lobby of the apartment building. He was immediately interviewed by Bureau Agents and furnished a signed statement admitting he wrote the numerous threatening letters in this case.

An authorized complaint was filed 3-2-66, charging Engel with violation of the Federal Extortion Statute. He was arrested by Bureau Agents, appeared before a U.S. Commissioner on 3-2-66, and was remanded to the King County Jail in lieu of \$5,000 bond.

ACTION:

(1) In view of the scurrilous remarks in the letters concerning President Johnson, it is recommended that the attached letter to the Honorable Marvin Watson, Special Assistant to the President, be sent. (The Secret Service has been kept fully advised in writing of all pertinent developments.)

(2) In order that they will be advised that the individual who wrote threatening letters to them has been identified and arrested by the FBI, it is recommended that the following public officials, who were recipients of communications, be advised by the attached letters: Senator Gale W. McGee (Democrat - Wyoming); Senator Thomas H. Kuchel (Republican - California); Representative John P. Saylor (Republican - Pennsylvania); Honorable Dean Rusk, Secretary of State; Honorable Robert S. McNamara, Secretary of Defense; and Honorable Barry Goldwater. (No information in Bureau files to preclude sending these letters.)

WASHINGTON, Nov. 26.—
(UPI)—Rep. John P. Saylor, R-Pa., just back from naval reserve duty in Southeast Asia, believes a naval blockade should be set up in the waters off South Viet Nam.

Saylor said yesterday he would urge the administration to establish a blockade below the 17th Parallel, including Da Nang harbor, to enable U.S. and South Vietnamese forces to intercept ships carrying supplies and ammunition to communist North Viet Nam.

He said he was also in agreement with retired Air Force Gen. Curtis E. Lemay that U.S. bombers be permitted to strike steel plants, factories and major installations in the north.

Title: HENRY HERMAN ENGEL;
SENATOR GALE W. McGEE
ETAL - VICTIMS

Character: EXTORTION

Synopsis:

Four Count Indictment returned against ENGEL by Federal Grand Jury, Seattle, 3/17/66, charging ENGEL with writing and mailing threatening letters to kill four separate persons, including President JOHNSON. ENGEL found competent to stand trial and trial date set for 5/23/66. FBI Laboratory concluded ENGEL prepared questioned handwriting, on the four letters named in the indictment, as well as other questioned specimens.

- P -

DETAILS:

On March 9, 1966 a preliminary hearing on this matter was held before United States Commissioner WALTER J. RESEBURG, JR., at which time probable cause was found to bind the subject over to the Grand Jury and ENGEL was returned to King County Jail upon his failure to make bond of \$5,000.

On March 16, 1966 testimony on this matter was presented to the Federal Grand Jury at Seattle and as a result of this testimony the Federal Grand Jury voted a true bill on the four count indictment which had been presented to them, which true bill was signed by the foreman of the Federal Grand Jury on March 17, 1966.

This four count indictment alleges that on or about November 27, 1964 in Seattle, Washington, ENGEL mailed a threatening letter addressed to President JOHNSON at JOHNSON CITY, TEXAS, which letter contained threats to take the life of the President, all in violation of Title 18, United States Code, Section 871 and 2.

SE 9-1023

Count II of this indictment alleges that on or about July 7, 1965, at Seattle, Washington, ENGEL did knowingly, willfully, and unlawfully deposit in the mail a communication addressed to BERNE S. JACOBSEN, the Seattle Post-Intelligencer, Seattle, which communication contained a threat to injure the person of BERNE S. JACOBSEN, in violation of Title 18, United States Code, Section 876 and 2.

Count III of this indictment alleges that on or about February 27, 1964, at Seattle, Washington, ENGEL did knowingly, willfully, and unlawfully deposit in the mail a communication dated February 24, 1964 directed to Senator GOLDWATER, which communication contained a threat to injure the person of GOLDWATER, all in violation of Title 18, United States Code, Section 876 and 2.

Count IV of this indictment alleges that on or about March 18, 1964, at Seattle, Washington, ENGEL did knowingly, willfully, and unlawfully deposit in the mail a communication dated March 17, 1964, addressed to ROBERT McNAMARA, White House, Washington, D.C., said communication threatening to injure the person of McNAMARA, all in violation of Title 18, United States Code, Section 876 and 2.

On March 4, 1966 Assistant United States Attorney (AUSA) [redacted] advised that on that date the United States District Court, at Seattle, Washington, acting on a motion submitted by [redacted] had ordered that the subject be examined by a psychiatrist to determine the subject's mental capacity to aid in his own defense and to determine his mental capacity to understand the charges lodged against him. [redacted] advised this examination was to be afforded by a psychiatrist named [redacted] b6 b7C

On March 28, 1966 AUSA [redacted] advised the subject had been found to be sane by the psychiatrist and that the subject was competent to stand trial.

On April 1, 1966 AUSA [redacted] advised that on that date the trial date for the subject had been set in United States District Court, Seattle, for May 23, 1966.

EXTORTION
OO: SEATTLE

Re report SA [redacted] dated 4/18/66 at Seattle
(no copy WFO) and WFO airtel to Director 2/9/66, entitled, "UNSUB,
Aka Andy Jackson, ET AL; Senator GALE W. McGEE, ET AL - VICTIMS".

WFO will note changed title. Subject has been identified
and arrested; a four count indictment has been returned against
him; trial has been set for 5/23/66.

AUSA [redacted] Seattle, who is resigning ef-
fective 5/1/66, has advised that in telephonic contact with
subject's court-appointed attorney, this court-appointed attorney
has said that she is counseling the subject to stand trial on this
matter and not to enter a plea of guilty to any counts. AUSA
[redacted] said the court-appointed attorney has indicated the de-
fense will be that the contents of the threatening letters are
not really threats but are merely expressions of political views.

At the present time AUSA [redacted] is of the strong
opinion that the government should only try the subject on count II
of the indictment as the recipient of this letter is a local
newspaper editor who can be easily produced for testimony.
[redacted] feels that other writings in this case can be introduced
as similar actions for the purpose of showing intent or a common
scheme. However, especially since another AUSA will try this case.

it may be that a final decision will be made by the USA's office to try the subject on all four counts of the indictment.

If the subject is tried on all four counts, it will be necessary to have as witnesses persons who can testify as to the actual receiving of the communications and these witnesses must be competent to produce same.

The envelopes and the communications that would have to be produced are:

1. Letter addressed to President JOHNSON postmarked at Seattle, Washington, 11/27/64, which the FBI Lab has designated as Qc 12 and Qc 49. The original of this communication should be in the custody of the U.S. Secret Service at Washington, D.C.
2. Envelope postmarked Seattle, Washington, 2/27/64, addressed to Senator GOLDWATER, bearing the handwritten message which the FBI Lab has designated as Q1 and Q2. These should be in the custody of the Bureau. They were made available by an administrative assistant to Senator GOLDWATER.
3. Envelope postmarked Seattle, Washington, 3/18/64, bearing a handwritten message addressed to ROBERT McNAMARA, which the FBI Lab has designated as Q3 and Q4. These should be in the custody of the Bureau and were made available to the Bureau by the Director, Security Services, Office of the Secretary of Defense.

Even though it might not be necessary to produce the above three items in court it will be necessary that a handwriting examiner from the FBI Lab testify at ENGEL's trial as to his findings in this case, including examination of the letter to President JOHNSON.

The Bureau will be advised when a final determination is made by the USA's Office at Seattle as to the counts of the indictment that the government will present.

LEADS:

1. Will contact [redacted] Acting Special Agent in Charge, Intelligence Division, U.S. Secret Service; who has knowledge of this case, to determine identity of person to whom subpoena duces tecum should be directed to produce the threatening letter to President JOHNSON, which person must be competent to produce same even though the letter is not addressed to him.

SE 9-1023

2. Will contact Mr. WILLIAM HUNT, Director, Security Division, Office of the Secretary of Defense, for same reason as in lead number 1 regarding the threatening letter to ROBERT McNAMARA.

3. Will, if former Senator GOLDWATER still maintains an office in Washington, D.C., take same action as in leads 1 and 2 in regard to the threatening letter to GOLDWATER.

It is suggested that prior to covering leads 2 and 3 that the special agent at WFO handling this matter, personally discuss the situation with the extortion desk at the Bureau as the Bureau should have the originals of the documents referred to in leads 2 and 3.

On the following day (3/24/64) it was transmitted to the Federal Bureau of Investigation (FBI), Washington, D.C., by letter ^{over} of HUNT's signature. The letter to the FBI was actually prepared by [redacted] at that time Physical Security Chief in the Security Division. The carbon copy of this letter bears his name. [redacted] has been transferred to another assignment. He is currently a [redacted] in the [redacted] of the Army, Washington, D.C., area. Instant letter was never shown to the addressee.

WFO 9-1779

Instant letter was received in the Mail Room of the Office of the Secretary of Defense, where an unidentified clerk routed it to the Security Division by writing across face of envelope the word "Security."

JAMES S. TWITCHELL, Chief, Correspondence Control Branch, Office of the Secretary of Defense, Room 3A 948 Pentagon Building, stated he is unable to identify the clerk who routed the MC NAMARA letter and envelope to the Security Division but manner in which routed is routine and in accordance with instruction given by TWITCHELL to his clerical force.

Should introduction of original MC NAMARA letter and envelope be desired, a subpoena should issue on WILLIAM C. HUNT, or his designated representative.

ReSeattle airtel to Director, 4/12/66.

Trial date for this matter still remains set for 5/23/66 at Seattle; and AUSA [redacted] now handling prosecution for this matter, deems it vital that a document examiner from the FBI Lab appear as a witness.

Former AUSA [redacted] Seattle, who was originally handling prosecution this matter and who favored trying subject on Count II only of the indictment (this Count involves a letter to a local newspaperman and Seattle has the original communications) has now been appointed USA and turned the case over to AUSA [redacted] for prosecution.

[redacted] agrees with [redacted] thinking and intends to concentrate on proving Count II only. However, AUSA [redacted] desires, if possible, that the originals of the communications which are referred to in the other three Counts of the indictment, be available at Seattle at trial time. These other three communications are identified on page two of referenced airtel.
